PLENTY OF RUMORS

Reported Five Battalions of Japanese Were Entirely Wiped Out on the Peninsula.

THE REPORT LACKS CONFIRMATION

It is Said Cossacks Captured Two Japanese Transport Columns Leaving the Army Without Supplies.

There Is Continual Skirmishing Between Russian Cavalry and Japanese—Cossacks Are Pressing Them in the Hills.

Liao Yang, May 25.—A report has been received from New Chwang saying that on May 18 five battalions of Japanese troops reconnoitered to the south almost as far as Kin Chou and ran into Maj. Gen. Fock's artillery, which was strongly posted on the heights in a narrow section of the Liao Tung peninsula and that the Japanese were entirely wiped out. The report lacks confirmation.

London, May 25.—The correspondent of the Morning Post at Mukden, under date of May 24, says it is reported there that Gen. Sennenkampf's Cossacks captured two Japanese transport columns, thus leaving the Japanese army without supplies in a difficult country.

Liao Yang, May 25.—There is continued skirmishing between the Russian cavalry and the Japanese. Cossacks are pressing the Japanese in the hills and by roads generally driving them back.

The general plan of the Japanese has not been divulged. They are apparently making time, awaiting the arrival of reserves from Korea, who have been delayed owing to the impassability of the roads.

The Japanese are sending all invalids in the direction of the Yalu to a central hospital.

The Chinese report the destruction of another Japanese battleship off Port Arthur, but the report is unconfirmed and is not credited.

Several Japanese who landed from junks near Port Arthur and started toward the town with the intention of dynamiting the docks, were captured and shot.

The Russian wounded are recovering rapidly. Several wounded soldiers deserted from the hospital and stole back to the front.

A typhoon is raging off the coast.

Washington, May 25.—Through our ministers abroad the naval attaches of the United States have been instructed to report upon the number and danger to neutral shipping of war mines floating off the Manchurian coast. The information will be placed in the hands of the naval general board, who will submit its views to the president, and if occasion warrants representations will be made to the belligerents.

Liao Yang, May 25.—It is reported from a Chinese source that the Japanese have evacuated Feng Wang Cheng and are occupying villages in the surrounding territory. There is no explanation of this move, but it is thought that it may be connected with the prevailing cholera epidemic.

RUSSIAN COMMISSION.

It is on a Secret Mission to President Loubet.

Paris, May 25.—The Soir claims that it has learned from a trustworthy source that Lieut. Gen. Baron Fredrick and another member of the Russian court who recently visited Paris, came on a secret mission which had for its purpose the seeking of the intervention and effective support of the French government in the event of China adopting an aggressive attitude towards the Russians in Manchuria. The paper alleges that the government gave a formal promise of compliance with Russia's request.

EXPOSITION FLAG.

Portland, Ore., May 25.—An official flag for the Lewis and Clark exposition has been adopted. The design is in four colors—red, white, blue and yellow—symbolical of England, France, Russia and Spain, the countries which first sent exploring expeditions to the great northwest.

THE VATICAN CONTROVERSY.

Paris, May 25.—The government has decided to fully present the vatican controversy, culminating in the recall of M. Nisard, to the chamber of deputies. A violent debate is expected and the government is preparing for a more radical action.

SUICIDE BY SHOOTING.

St. Louis, May 25.—Miss Beatrice May Clifton, who was formerly cashier of the E. J. Arnold Co., defunct turf investment company, committed suicide Tuesday night by shooting herself in the breast. Ill health the cause.

MOTHER AND SON ARRESTED.

The Two Are Charged With Violating the Hotel Law.

New York, May 25.—An elderly woman who said she was Mrs. Anna D. Smith and that her father was postmaster general in President Lincoln's cabinet, was arrested here Tuesday charged with violating the hotel law. Later her son, 30 years of age, who gave his name as Dennison Smith, was also arrested on a similar charge. Mrs. Smith sent a note to William H. Bliss, nephew of Cornelius N. Bliss, who, she said, was her lawyer. Mr. Bliss denied that she was his client and sent word to her that he was powerless to help her. Later he said that although he had not seen the woman under arrest, he had every reason to believe that she was Anna Dennison Smith, daughter of Gov. William Dennison, of Ohio, who was postmaster general under President Lincoln, and continued in office by President Johnson. Both arrests were made on complaint of Charles Dabb, of the Hotel Navarre, who alleges that the woman left the hotel five weeks ago owing him \$271 for board and rooms and for money loaned, and that Dennison Smith occupied the suite of rooms with his mother while she lived at the hotel.

Mrs. Smith declared that her arrest was an outrage, that she left the hotel because of a difference with Dabb and that she was waiting for a remittance from her brother, a broker, in Columbus, O.

GILLESPIE MURDER CASE.

It Will Probably Go to the Jury On Friday.

Rising Sun, Ind., May 25.—The fate of James Gillespie, Myron Harbour, his wife, Carrie, and Mrs. Belle Seward, the four defendants in the now famous Gillespie murder case, will probably be entrusted to the 12 men who are sitting in judgment as jurors some time Friday. The defense closed its side of the great case at noon Tuesday. As the time for closing the great legal battle draws near interest in the trial is growing more intense.

James Gillespie was cross-examined Tuesday by Attorney Spaan. The witness declared that he did not fire the shot that killed his sister and had not the slightest idea who did. He admitted that he did not go to the house the night of the murder and retired about 10:30 that night. He did not attend the funeral. He denied the statements of all the witnesses for the prosecution.

Mrs. Belle Seward, one of the defendants and the last witness to take the stand for the defense, gave her age as 52 years. She said she was not in the front room of her house on the day that Elizabeth Gillespie was murdered. She contradicted the testimony of her brother Jim in the early portion of her testimony by saying that Jim left the supper table before she did on the night of the assassination.

THE NIGHT OF THE MURDER.

McDonald and Wife Were Visitors at the Fisher Home.

Bedford, Ind., May 25.—When court reconvened Tuesday Sherman Fisher was called. He testified that McDonald and his wife were visitors at the Fisher home on the night of the murder and told of being in Cosner's scale office with McDonald on the following morning, when the murder was discussed. He also testified that he was with McDonald when Moses Koplan told them the murdered woman was Miss Schaefer.

Mrs. Hannah Fisher, mother of Mrs. McDonald, corroborated the testimony of Sherman regarding the visit of McDonald and his wife at her home on the night of the murder.

L. E. Griggsby testified that he was not in his grocery store from 4:25 until 7:30 on the night of January 21. During cross-examination, Prosecutor Miller and the witness engaged in a tilt over a question as to how often McDonald visited Mr. Griggsby's grocery. At the conclusion of Griggsby's testimony, Attorney Palmer rose and announced: "Your honor, the defense rests." There was noticeable murmur throughout the courtroom. The court then adjourned.

BODY RECOVERED.

Thought to Be That of Secretary Prall, of the Elgin Watch Co.

Chicago, May 25.—The badly decomposed body of a man was taken from the Calumet river at the foot of 91st street Tuesday night, and from articles found in the clothing, it is supposed to be that of W. G. Prall, secretary of the Elgin National Watch Co., who suddenly disappeared November 28, 1903. The body was discovered by Frank Todd, a member of the life saving crew stationed at 91st street.

New York, May 25.—Col. James F. Gookins, son of the late Chief Justice Gookins, of Indiana, is dead at a hotel here from a stroke of apoplexy.

INFANT TELEGRAPH

Sixtieth Anniversary of First Message Between Baltimore and Washington Celebrated.

A DINNER GIVEN IN THE CAPITAL.

Clarence H. Mackay, President of the Postal Telegraph Cable Co., Was the Principal Speaker.

Prof. Morse, the Inventor, Got His Idea From a Conversation Held On Board an Atlantic Steamer in October, 1853.

Washington, May 25.—Clarence H. Mackay, president of the Postal Telegraph Cable Co., gave a dinner Tuesday evening to the heads of his organization in commemoration of the 60th anniversary of the first telegraphic message sent between Baltimore and Washington and the tenth anniversary of the opening of the Postal building. The guests included all of the general and many of the assistant superintendents from all sections of the United States, including even California and Texas. The only other guests present were the officers of the company.

Mr. Mackay made an address in which he said:

"In October, 1853, when Prof. Morse was crossing on the packet ship "Sulphur," the conversation one evening turned upon the recent discoveries in electro-magnetism, and the experiments of Ampere with the electro-magnet. Some one asked if the velocity of electricity was retarded by the length of the wire. Dr. Jackson, who was present, answered that electricity passes instantaneously over any known length of wire. Prof. Morse, who had been listening intently, remarked: 'If the presence of electricity can be made visible in any part of the circuit I see no reason why intelligence may not be transmitted instantaneously by electricity.' The idea took root in Mr. Morse's brain, and going up on deck, he paced up and down until the early hours of the morning.

"If the spark," he reasoned, "will go ten miles without stopping, I can make it go around the globe." How true this unconscious prophecy proved, you will all remember, when on the 4th of July last year President Roosevelt sent message on the completion of the Pacific cable containing 31 words, which traversed around the globe, 28,974 miles of wire, in 12 minutes, at the rate of 2,415 miles per minute. My answer to the president, of 42 words, occupied exactly nine minutes over the same distance, or 3,219 miles per minute.

"Gentlemen, let us bow to the memory and genius of Prof. Morse, whose name, in the annals of this country, has found its rightful place among those of the immortals."

THE BRAZILIAN PAVILION.

It Was Formally Opened On the Exposition Grounds.

St. Louis, May 25.—The beautiful pavilion erected by Brazil at the World's fair was formally opened Tuesday night. May 24 was chosen as the date of the opening ceremonies as it marks the anniversary of the greatest battle in South America's history, when, on May 24, 1865, Brazil and Paraguay fought at Tuyutu, in Paraguay. The pavilion has been declared by critics of high authority to be the most imposing building on the grounds.

TO TEST TORPEDOES.

The Various Types Will Be Tried By This Government.

Washington, May 25.—Extensive tests with various types of torpedoes will be begun by the navy next month at Newport and Sag Harbor. The remarkable torpedo work in the Russo-Japanese war has aroused increased interest in the navies of all nations and the competition will be keener than ever to perfect an efficient torpedo for naval use.

LEAVING FOR THE UNITED STATES.

Washington, May 25.—Charge Dawson, at Rio, Brazil, reports that the station laborers who constitute half of the workers on the coffee plantation in San Paulo, are leaving Brazil for the United States because they are not paid their wages.

SENATOR MASON'S TRIP TO CUBA.

Havana, May 25.—Former United States Senator Mason left for New Orleans Tuesday on the steamship Louisiana after having paid interesting visits to President Palma, Gen. Gomez and many other prominent Cubans.

Mayking, Ky., May 25.—John H. Bigler, 97, an old settler of Long Fork creek, died Monday night after being an invalid 40 years.

IN A SAD PLIGHT.

Jockey Minder's Mind Gone as a Result of a Fall.

Louisville, Ky., May 25.—Jockey Minder, who was injured by a fall on Ratsseller in the fifth race on the seventh day of the recent meeting at Churchill Downs on May 19, is at Norton infirmary perfectly well in body, but in mind a child.

His memory is completely gone, as the result of the accident, and he is a boy of 6 again, instead of a youth of 20. He will be taken to his home at Brooklyn Wednesday, and it is believed that in time his recollection of events may be restored and he may become a man again, instead of a 6-year-old, as he is at present.

Now he wants toys, and has to be given a nickel to persuade him to take his medicine.

THE GOVERNOR.

He Will Appoint a Judge to Try the Breathitt County Cases.

Cynthiana, Ky., May 25.—Circuit Clerk Robinson Tuesday issued a certificate that Judge Fryer had refused to try the Breathitt county cases. Gov. Beckham will appoint a special judge, Sheriff Ed Callahan and Judge B. F. French are here to stand trial for alleged subversion of perjury. Senator Alexander Hargis, who is also here, is on the bond of Callahan and French. The cases against "Tiekey" Jim Black for alleged perjury will probably be tried at this term of court, while those of Adams and Bowling will probably be postponed.

BODY REDUCED TO A PULP.

Despondent Man Hurls Himself From the Tenth Story.

Louisville, Ky., May 25.—Despondent because of business troubles, Julian W. Courts Tuesday hurled himself from the tenth story of the Columbia building. His body was reduced to a pulp on the pavement below. Courts was employed as a claim clerk for the Louisville, Henderson & St. Louis railroad. He was the son of C. Winn Courts, a Russellville (Ky.) banker. The act was witnessed by several passersby.

THREATS OF VIOLENCE MADE.

Owensboro, Ky., May 25.—Rev. W. W. Armour, who killed his son at Sacramento, was arraigned in examining trial at Calhoun Tuesday morning. The prisoner waived examination. More people were in Calhoun than have been in ten years. Threats of violence were so bitter that the court ordered the prisoner sent here for safe keeping.

LOST THREE CHILDREN IN ONE WEEK.

Central City, Ky., May 25.—Mr. and Mrs. William Cassiday have lost three of their children in one week, from spinal meningitis. They had just returned from the funeral of the second one to find the third one dead on Sunday. They have three children left, one of whom is suffering from the disease.

STORM IN MT. STERLING.

Mt. Sterling, Ky., May 25.—Great damage to farm property was done in this county by a terrific wind, hail and rain storm. The residence of Robert C. Gatewood was damaged by lightning. The hall ruined a number of tobacco beds, killing calves, pigs and lambs.

DRUGGISTS ARE WORRIED.

Newport, Ky., May 25.—The secret crusade of revenue agents against Newport druggists who have not paid government license for retailing liquor has caused the knights of the mortar and pestle much worry. At least a dozen have been found remiss.

GUARDIAN BAILEY'S FEE.

Frankfort, Ky., May 25.—The case of Anna Staggenberg vs. S. C. Bailey, etc., from Newport was reversed by the court of appeals, the court holding that \$50 was a sufficient attorney fee for S. C. Bailey, who acted as guardian ad litem for an infant heir.

THE KENTUCKY G. A. R. ENCAMPMENT.

Frankfort, Ky., May 25.—The annual state encampment of the Kentucky G. A. R. will meet here Wednesday. The three candidates for state commander are T. W. Bousmith, of Bellevue; R. B. Headbon, of Covington, and Jacob Scler, of Louisville.

CATHOLIC KNIGHTS AND LADIES.

Louisville, Ky., May 25.—The national convention of the Catholic Knights and Ladies of America was called to order in Louisville Tuesday. Over 200 delegates, representing the 10,000 members of the order, are in attendance.

CHICAGO MACHINISTS STRIKE.

They Want An Increase in Wages and a Saturday Half Holiday.

Chicago, May 25.—Five hundred machinists struck Tuesday when the Goss Printing Co. and the Charles F. Elms Engineering Co. refused to sign the agreement prepared by the International Association of Machinists. The agreement presented asks for 32 to 37 cents per hour and Saturday half holiday in the summer months. The last offer of the employers was from 30 to 35 cents per hour for a nine-hour day with no mention of a Saturday half holiday, and asked absolute freedom to employ unskilled labor on machine work.

A MOSQUITO FIGHT

The Mexican Government Has a Brigade of 900 Men at Work in Vera Cruz.

SIMILAR WORK AT OTHER POINTS.

Chief Entomologist Howard of the Department of Agriculture Returns From a Tour of Inspection.

Dr. Howard Also Made a Thorough Study of the Boll Weevil Situation in Mexico and the Cotton Districts of the South.

Washington, May 25.—Dr. L. O. Howard, chief entomologist of the department of agriculture, has returned from a tour of investigation of the boll weevil and yellow fever mosquito problems in Mexico. As a result of his investigation he says it is possible for yellow fever epidemics to occur at higher levels in Mexico than so far has been the case and that such epidemics will occur at the higher elevations if nothing is done to check them. The Mexican government has had a brigade of 900 men at work on the mosquito fight in Vera Cruz since last November and similar work is in progress at Tampico, Victoria, Linares, Monterrey, Progresso, Merida, Cordova, Orizaba and other points on the Vera Cruz line. Extensive fumigation work is in progress.

Dr. Howard made a thorough study of the boll weevil situation in Mexico but failed to find the weevil parasite. He discovered, however, that the boll weevil has reached an elevation of 7,000 feet, which is much higher than was expected the pest would go. Owing to the climate Mexico can not adopt the remedial measures which are used in this country and on account of the great ravages of the weevil Dr. Howard expresses the belief that Mexico could never compete in cotton with the United States.

Dr. Howard also visited Louisiana and examined the precautions adopted in the effort to keep the weevil out of that state. Dr. J. H. Stubbs, director of the Louisiana state experiment stations, says he feels confident that it can be kept out for

SUCH CONDITIONS SHOULD BE PROHIBITED.

City Attorney Wood and Chief of Police Donovan in investigating a case of depravity on Short street the past week found two families living in a ten-by-ten room. There were eight persons in these two families, and this little room was all they had to call "home." One bed and one mattress were all they had on which to rest. Most of the inmates who are old enough to work are employed in the cotton mills. It is hardly necessary to add that the place was foul with the stench and filth naturally resulting from this state of affairs. Such places are the breeders of moral and physical corruption, and no city should permit them to exist. What can be expected of children allowed to grow up in such surroundings? In the interest of decency and for the good of our city, the Board of Health should declare such places nuisances and order them abated.

CROPS IN KENTUCKY.

Growth of All Vegetation Retarded Last Week by Cool Weather—Conditions Much Better Now.

[Weekly Bulletin of Weather Bureau May 24th.] Cool, cloudy weather during the first part of the week retarded the growth of vegetation. It was decidedly warmer the latter part, with abundant sunshine, and crops were much benefited generally, but the soil was too dry for the best results. Light showers occurred in most localities on the 17th and 18th, but they were insufficient. Conditions were quite favorable for farm work, except the transplanting of tobacco.

Wheat made some progress, but most of it is backward—just beginning to head. Corn made as good progress as could be expected under the rather unfavorable conditions. Much of it has been given the first cultivation. Cut-worms have damaged corn considerably. Oats, rye and hemp have improved slightly. Hay-fields are backward. Pastures are not in very good condition. Rain is badly needed for the grasses.

Tobacco plants are generally small and, in some localities, scarce, but they are healthy and many of them are ready for transplanting. Some of them were set out during the week, but the ground was too dry and the work had to be discontinued.

There has been no important change in the condition of fruit; apples are reported to be dropping. Large crops of berries of all varieties are expected and the prospect for grapes is good.

KENTUCKY MILITIA

Up to Required Standard to be Now Entitled to Benefits of Section 14 Under Laws of United States.

Adjutant General Haly has been notified by the Military Secretary of the War Department that, following the report of inspection just made to that department by Major Edgar W. Howe, U. S. A., on the condition of the Kentucky State Guard, the organized militia of Kentucky is now regarded as "sufficiently armed, uniformed and equipped for active duty in the field" as to entitle it to the benefits of section 14 of the militia laws of the United States, and the Assistant Secretary of War has so ordered.

This ruling will be of much interest to the officers and members of the guard. The section 14 of the militia law referred to provides that when annual inspection of the guard of a State shall show it to be entitled to the provisions of the law the Secretary of War is authorized, on the requisition of the Governor of such State, to pay to it so much of its allotment out of the annual appropriation as shall be necessary for the payment, subsistence and transportation of such portion of said organized militia as shall engage in actual field or camp instruction, and the officers and enlisted men of such militia while so engaged shall be entitled to the same pay, subsistence and transportation as officers and enlisted men of corresponding grades of the regular army.

The Governor has appointed Dr. J. Allen Dodson, Captain; Lee Dressel, First, and Charles Crane Second Lieutenant of Company L of this city. Captain Dodson will make several appointments of non-commissioned officers in the next few days.

WHO WAS HE?

Man Wearing a Hat Purchased in Maysville Snatched at Louisville—Necktie Marked With Initial "M"

[Courier-Journal]

The body of an unknown man was found hanging to the limb of a tree twenty feet above the ground on the farm of William Plank about five miles out of the city on the Cane Run road, Monday afternoon, Coroner Kelly returned a verdict of suicide.

The body was discovered by Frank Warden, a farm hand, shortly after 2 o'clock and he was so frightened at the sight that he ran two miles to the nearest telephone and called the Coroner. When Coroner Kelly arrived on the scene the body was still hanging to the tree, and from the appearance of the corpse it was evident that it had been hanging there eight or ten days. The body was badly decomposed, and it was impossible to tell the man's appearance in life. He was dressed shabbily, wore a soft black hat bought from a Maysville hat dealer, an overcoat on which there was no marks and his general appearance was that of a tramp. In a small bundle at the foot of the tree were found probably all of his effects, consisting of a shirt, several towels, a pair of suspenders, a necktie marked with the initial "M" and a pair of scissors. There were no papers in the clothes by which the corpse could be identified. From the description given by the Coroner the man was about five feet nine inches tall, weighed about 160 pounds, had light red hair and a light red mustache.

The position in which the corpse was found shows that the man deliberately planned his death and executed his plan with equal deliberation. He hanged himself several feet out on a limb of a tree fully twenty feet from the ground and used a leather strap instead of a rope.

It may be that the unfortunate man, as he was a tramp, had been given the hat while passing through here and did not belong in Maysville.

A MINERVA NEGRO

Wounds Marshal of Georgetown, O., and is Himself Shot by the Officers—in Serious Condition.

Joe Chancellor, a Minerva negro shot Marshal Bradford, of Georgetown, last Sunday night and walked to the City Hospital at Cincinnati with a bullet in his right breast between the fifth and sixth ribs. He is in a serious condition, with a possible chance for recovery, says the Enquirer.

Marshal Bradford says the colored man shot at him several times, and that one of the bullets struck a suspender buckle over his heart and fell to the street. The Georgetown authorities will place a guard over Chancellor.

Georgetown citizens who heard of the shooting were greatly stirred up, and threats were freely made against Chancellor in case they found him. It seems he got out of town barely in time to escape their wrath. He had kicked a little colored girl out of a colored church the night of the trouble with the Marshal and broke up the furniture in his own home, where many rough characters had been housed from time to time, several having been taken from it to the penitentiary.

Mouday some sticks of dynamite with fuses attached were found under the building. The building was set on fire Sunday night, but the flames were extinguished before much damage was done.

EASY WAY TO CURE CATARRH.

Breathe Hyomei and Kill All Catarrhal Germs—"Money Back if it Fails."

Say J. J. Wood & Son.

There is no dangerous stomach drugging when using Hyomei. The healing and aromatic balsams which compose this wonderful treatment are breathed through a neat pocket inhaler that comes with every \$1 outfit.

In this way the germ-killing and health giving Hyomei penetrates to the most remote cells of the lungs. It searches out and kills disease germs in the air passages of the head, throat and nose, soothes and heals the irritated mucous membrane, and absolutely drives catarrh from the system.

Such remarkable results have followed the use of Hyomei by the best people in Maysville that J. J. Wood & Son have the greatest confidence in its power to cure catarrh. They believe in it so thoroughly that they will give their personal guarantee to refund the money if it does not cure, the purchaser to be the sole judge.

This is an unusual offer and the first time that any medicine or treatment for the cure of catarrh has been sold in this way. If it cures, the expense is trifling, while if it fails, the cost is absolutely nothing.

If you are fortunate enough not to be troubled with catarrh, tell your friends of J. J. Wood & Son's offer and get them to take advantage of it.

A COMBINATION ...SALE...

Combination sales have been very successful in other cities. The plan is this: Let a number of property owners agree to accept a reasonable price for certain pieces of real estate, to the number of about twenty. I will advertise the day of sale and furnish carriages to convey the prospective buyers from one point to another. These conveyances would be free to all who are sufficiently interested to attend. An auctioneer would be on hand to cry the sales. Do you want to have your property listed in this way? At a recent sale in a Kentucky town out of \$20,000 worth of property \$16,000 worth was sold. If you want to sell, you should see me at once about this plan. Persons who have property listed with me for sale in the ordinary way can arrange to try this method. See me at once.

We can furnish the child with clothes from the minute it's born until its time to depart. We want the children to know us like the famous Castoria. When they are children they cry for MERZ BROS. When they become Misses they cry for MERZ BROS. When they become women they cry for MERZ BROS. It does no child harm to be in close touch with a progressive house like this, it stimulates them on to great ideas and undertakings. DON'T STOP THEM, Maysville has had enough of OLD FOGIES.

It might not be amiss to tell a little story that was overheard a few weeks ago when four little youngsters, ages 7 to 10, were playing on the site that was burnt down, now being erected for us. No. 1 said, "Merz Bros. are going to put up a store here." No. 2 said, "Yes they are for my mother read it in the paper." No. 3 said, "I knew it before it was in the paper," and No. 4, not to be outdone, replied, "I knew it the night it burnt down." Keep your eye on No. 4, he will be one of Maysville's greatest men. We wonder how many people thought of this, besides this boy and us. THIS WEEK we show a NEW LINE OF DRESSES for the 1 to 3 year old child. Something new entirely. See center window for display.

Painless extraction of teeth at Dr. Cartmell's.

Dr. Harover's office is No. 214 Sutton street. Phone No. 399.

The aged Benoni Showalter, formerly of Dover, is reported critically ill at his home near Georgetown.

The venerable Captain Jacob Miller, who has been very seriously ill several days, was no better this morning.

Mr. and Mrs. Henry Gollenstein are rejoicing over the arrival of a son at their home on Poplar street Tuesday morning.

County Superintendent Wells will conduct an examination for colored teachers at the court house next Friday and Saturday.

The rain this week was much heavier in Central and Southern Kentucky than in this section. Over half an inch fell in some sections.

Miss Nora Brealin, bookkeeper for the M. C. Russell Co., was able to resume her position yesterday after an illness of several weeks.

Rev. Dr. McCready, who is spending the week in Winchester, will assist Bishop Burton in confirmation services there tomorrow evening.

The Court of Appeals Tuesday upheld the will of Mrs. Fannie Speed of Louisville, who bequeathed \$250,000 to the M. E. Church for educational purposes.

Mr. and Mrs. Harry Bell have taken up their residence in Maysville, and have rooms at Mrs. Joe Wood's. Mr. Bell has a position on one of the C. and O. trains.

Don't go to World's Fair and get robbed. Let me send you to Christian Endeavor Hotel, first-class in every respect. Rooms \$1 a day. Room and board \$2 a day.

J. B. Novis, Agt.

Judge Whitaker is in receipt of a card from Judge James Flanagan of Winchester inviting the members of the Maysville bar to attend the unveiling of the monument to the late General John B. Huston at Winchester on May 30.

A burly negro giving the name of Henry White became offended at Mr. W. F. Power's little son Tuesday afternoon as he was passing the store and threw a large rock at the child. Fortunately it missed. Before he could be apprehended, the negro made himself scarce, but was later arrested on Third street by Chief Donovan. He will be given a trial to-day.

It being impossible for our hotels to entertain all the teachers of Kentucky who will assemble in our city June 23rd, for a three-days convention, the Committee on Entertainment desires to have a list of all boarding houses and private residences which will accommodate the overflow.

It must be remembered that these pedagogues pay their way at every convention, and when you send in your location, and how many you can room and board, do not forget to name the rate per day you charge.

The committee must know by Friday, May 27th.

Please notify Harry C. Curran, Chairman Entertainment Committee.

Groceries at cost to close out.

GET READY

For the Week of Festivity During the Summer Carnival and Powwow—It's Only Three Weeks Off.

The "Powwow" is less than three weeks off. Begin now to get ready for this week of festivity. Get out your flags and bunting, look them over, add some "Indian" decorations and be ready to decorate your business house or residence and thus have the old town to be in "gala" attire on the opening of the carnival.

The people of Maysville and surrounding country can depend on having more for their pleasure and amusement during the week of June 13 than ever before, with fourteen high class shows furnished by the Robinson Amusement Company, who are highly endorsed by the citizens of Lexington and Ashland and the committee in charge of this carnival.

Six big free attractions will be seen at intervals during each day and four big parades take place during the week, and, taking all in all, the week of June 13 promises to be the "one big and only" week in Maysville this year.

Tell your friends and let the word go forth to "boost" for the Redmen's Powwow and Summer Carnival and the honor and glory of new Maysville.

Breakfast food and strawberries.—Cajun's.

Squire M. D. Farrow is seriously ill at the home of his daughter, Mrs. E. H. Bryant.

The ladies of the Christian Church will give an ice cream and strawberry supper June 16.

Some people are silly enough to think that it adds to their individual importance to abuse and berate their home place or locality before strangers and others.

For goodness sake as well as economy's sake call at J. W. Debolt's grocery and try a sack of Bourbon Roasted Coffee. He is selling it at 50 cents per sack and it is good. The Power Grocery Co., Paris, Ky., roasters.

Relatives and friends of Mrs. A. C. Ball of Millersburg regret to learn she tripped and fell down a flight of stairs a few days ago dislocating her shoulder, cutting her head and bruising the body in several places.

Dr. J. S. Lyons, of Louisville, was appointed member of the committee of the General Assembly of the Presbyterian Church in the United States (Southern) to consider all overtures from the churches of other Calvinistic creeds. Dr. Lyons conducted a meeting at the Central church, this city, a year or so ago.

A. R. Clark of Flemingsburg is a member of the crew of the battleship Kentucky that has just completed a record-breaking run from the Philippines to New York. He is a member of the committee selected to present to this State the Kentucky's beautiful "homeward-bound" colors, a large silk flag made in Japan.

Mrs. George Dixon died at 2 o'clock this morning at Washington after a lingering illness, aged thirty-two years. Her husband survives and she leaves two small children. The funeral takes place Thursday at 10 o'clock at the Washington M. E. Church, South, Rev. George Froh officiating. Mrs. Dixon was a daughter of Rev. Charles York and a most estimable Christian woman.

Hon. P. B. Lovel, Maysville's leading grocer, has placed the BULLETIN scribe under obligations. He is ever mindful of the newspaper man, and as a result of his generous spirit and thoughtful consideration, the editor enjoyed on Tuesday evening some of the first home-grown strawberries received here this season. They were of course from Mr. Lindsay's berry and fruit farm near Vanceburg, and that means they were delicious. Mr. Lindsay and Mr. Lovel enjoy the reputation not only of handling the best in their line, but also of dealing justly and giving full measure.

Marion Hicks, whose home is said to be in Portsmouth, but who hangs out at most any old place along the river where his fancy leads him, was arrested Tuesday afternoon by Policeman Senteney on charge of petit larceny. Hicks pulled in here Tuesday in a johnboat which he traded to Frank Glenn shortly afterwards. When Glenn had gone to his work, Hicks took possession of the boat, and was leaving for other scenes when overhauled by Glenn near the C. and O. depot, and the boat was again turned over to the new owner. Hicks then went to a saloon on Wall street. Glenn concluded to make complaint to an officer and hunting up Policeman Senteney filed charges against Hicks. The two started to hunt up Hicks but concluded to first take a look at the boat. Their surprise may be imagined to find Hicks again in possession of the craft and hastily departing for points down stream. A command from the officer brought him back, and he was jailed to await his trial before Judge Whitaker this morning.

D. Hechinger & Co

Last Saturday's business was a repetition of the previous Saturday. Were it not for the kind patience many of our customers exercised we could not have waited on all. There is a strong tie of confidence between this store and its patrons, one than can only exist as the result of years of acquaintance. Season after season we endeavor to do better than in the years before. Our efforts are appreciated.

THIS WEEK
WE SHOW AN ENTIRELY
NEW LINE OF WOOL
CRASH SUITS,
PANAMA
HATS
AND TAN SHOES.

The weather is coming right for Negligee Shirts. We want to show you the greatest line ever brought here. The Faultless and Manhattan are the brands.

We just must say a few words about our men's and Boys' Shoes. We are awfully proud of our shoes, and our customers are correspondingly proud of wearing them. We knew our community wanted good shoes and provided well for them.

FIGHT

It's out with us on these lines this summer. Watch our campaign against the winged foe. No expensive docks or battleships to be sacrificed in this engagement. Get behind our entrenchments of SCREEN goods and ward off both day and night attacks.

KEEP COOL---

It's quite easy when you have a "FREZO" ICE CREAM FREEZER. Our lines of communication remain unbroken on these and first-class LAWN MOWERS. Flanking movement in process of execution by our Farm and Garden Tool Division. "General" Hancock reports satisfactory progress, while Lieutenants Wheeler and McNutt execute some brilliant maneuvers in Wire Fence goods.

The World at Our Fountain!

Most all parts of the world contribute to the excellence of our soda, but most of its inhabitants never drank anything so delicious. It's our choice of materials that counts for so much. Mexico, Sicily, Tahiti, Hawaii and numerous remote islands send their choices products. But one of the most important items is purely American—ice cream. Our ice cream is rich and delicious and we use plenty of it in our Ice Cream Soda.

Whiskey and Beer Habit PERMANENTLY CURED BY "ORRINE,"

A SAFE, SURE AND HARMLESS SPECIFIC

Physicians pronounce drunkenness a disease of the nervous system, creating a morbid craving for a stimulant. Continued indulgence in whiskey, beer or wine eats away the stomach lining and stupefies the digestive organs, thus destroying the digestion and ruining the health. No "will power" can heal the inflamed stomach membranes.

"ORRINE" permanently removes the craving for liquor by acting directly on the affected nerves, restoring the stomach and digestive organs to normal conditions, improving the appetite and restoring the health. No sanitarium treatment necessary; "ORRINE" can be taken at your own home without publicity. Can be given secretly if desired.

• CURE GUARANTEED OR MONEY REFUNDED.

Mrs. E. Wycliff, New York City, writes: "ORRINE cured my husband, who was a steady drinker for many years. He now has no desire for stimulants and his health is good and he is fully restored to manhood. He used only five boxes of 'ORRINE'."

Mrs. W. L. D., Helena, Mont., writes: "I have waited one year before writing you of the permanent cure of my son. He took sanitarium treatment, as well as other advertised cures, but they all failed until we gave him 'ORRINE.' He is now fully restored to health and has no desire for drink."

Mr. A. E. L., Atlanta, Ga., writes: "I was born with a love of whiskey and drank it

for thirty-two years. It finally brought me to the gutter, home-less and friendless. I was powerless to resist the craving and would always find it in my whisky. Four boxes of 'ORRINE' cured me and all desire and I now have no desire of liquor."

Price \$1 per box. Mailed in plain, sealed envelope by Orrine Company, 817 14th St., Washington, D. C. Interesting book—Treatment on Drunkenness, (sealed free on request).
